

AARON LOBO

Los Angeles, CA | (213) 663-5427 | aaronnlobo11@gmail.com | <https://www.linkedin.com/in/aaron-lobo11/>

EDUCATION

University of Southern California

August 2023-Present

Master of Science in Cyber Security Engineering

- GPA: 4.0/4.0
- Cybersecurity and Forensics Organization (CybOrg)

University of Mumbai

August 2018-June 2022

Bachelor of Engineering in Computer Engineering

- GPA: 9.16/10

EXPERIENCE

Keck Medicine of USC

November 2023-Present

Security Engineer Intern

- Developed SIEM (Microsoft Azure Sentinel) workbooks and dashboards to triage alerts and correlate logs, improving visibility and efficiency during incident response by 32%
- Securely programmed IAM workflows to integrate applications and automate processes contributing towards a 42% increase in efficiency while dealing with patient care
- Engineered Role-Based Access Control (RBAC) processes for 3,000+ users by securely developing 9 SailPoint roles, automating and boosting access provisioning speed by 24%, while maintaining HIPAA compliance
- Conducted security tests on over 80 workflows to detect and resolve anomalies, preventing violations of access control policies

Manipal Cigna Health Insurance

August 2022-November 2022

Data Engineer

- Investigated 30+ potentially fraudulent claims daily, mitigating risks and safeguarding company assets
- Maintained data integrity and availability by managing Data Lake loading processes and developing SQL queries, increasing validation speed by 14%
- Generated 51 metric reports daily, enabling precise, data-driven forecasting for strategic decision-making

Bharti Axa Life Insurance

November 2021-January 2022

Security Analyst Intern

- Performed vulnerability scans using Nessus on 18 web applications, identifying security gaps in systems, and delivered in-depth reports for critical remediation efforts
- Led vulnerability mitigation efforts with application owners and IT infrastructure team, reducing risk levels and enhancing the organization's security posture
- Hardened an externally facing web application by conducting penetration tests aligned with OWASP's top 10 vulnerabilities

ACADEMIC PROJECTS

Secure EHR Management System

- Developed a secure web application for managing Electronic Health Records (EHR), in compliance with HIPAA regulations
- Implemented hash-based authentication and Role-Based Access Control (RBAC), enforcing least privilege access
- Incorporated encryption and integrity checks to detect unauthorized modifications in audit logs and EHR data

PUBLICATIONS

Combating Ransomware (IJEARM) ISSN: 2454-9150 Vol-07, Issue-10, JAN 2022

SKILLS

- **Languages:** Python, C, Bash, PowerShell, Java, SQL, KQL
- **Software and Tools:** Microsoft Azure Sentinel, Mandiant Advantage Suite, Nessus, Qualys, Bigfix, SailPoint IIQ, SailPoint NERM, Active Directory, ADManager Plus, Burp Suite, Wireshark, Kali Linux, Microsoft Office
- **Miscellaneous:** Digital Forensics, Incident Response, Threat Modelling, Identity and Access Management (IAM) Engineering, Vulnerability Management, Security Testing

CERTIFICATIONS

- CompTia Security+ SY0-701
- SANS HackFest 2024 CTF Rank 5
- AZ-900: Microsoft Azure Fundamentals
- Qualys Certified Specialist Certification – VMDR and CSAM
- Top 2% TryHackMe CTFs, Pre-Security, Beginner Path, Web Fundamentals, Pentest+ - 160 hours
